2025 FEE SCHEDULE

DEAR BUSINESS OWNER OR MANAGER:

Enclosed is your annual weighing and measuring device and/or point of sale (POS) terminal registration notice and fee for the period of January 1st –December 31st. Pursuant to Section 12240 of the California Business and Professions Code (BPC) and Title 3, Chapters 3.64 and 3.72 of the Alameda County Municipal Code (ACMC), each person responsible for the use of a commercial weighing, measuring and/or POS device(s) shall register their device(s) with the County Sealer of Weights and Measures annually. It is unlawful to operate a weighing, measuring and/or POS device without being registered for the current calendar year.

Please note- 2023 CA Assembly Bill 1304 raised the allowable registration fees to align with current costs of inspection and oversight, which is reflected in the below fee schedule.

Registering your device(s) helps to protect the buyer and seller from inaccurate or incorrect transactions.

It is the responsibility of the device owner/user to ensure the device is maintained in proper working condition at all times.

There will be a re-inspection or call back charge for devices found to be incorrect on the initial or subsequent inspection(s).
