

Virtual Alameda County Community Climate Action Plan Kickoff Workshop

Thursday, February 16, 2023, 6:00-7:30pm via Zoom

Zoom Link: bit.ly/3Xxthn6 | Zoom Call-in: 646-931-3860 | Meeting I.D: 812 9941 3310

Has your community been impacted by extreme weather events, flooding or wildfire? Alameda County wants to hear from you!

We know many residents of unincorporated Alameda County, from the Eden Area and Castro Valley to the rural east county communities, are experiencing firsthand the health and safety impacts of climate change. We are updating our Community Climate Action Plan (CCAP) and Safety Element to respond to your concerns and to support resilient, climate-smart unincorporated communities.

At this interactive Kickoff Workshop, we will explore the impacts of extreme heat, wildfires, flooding and other hazards made worse by climate change, and discuss how we can work together to address these issues.

If you live or work in the unincorporated areas of Ashland, Castro Valley, Cherryland, Fairview, Hayward Acres, San Lorenzo, Sunol, or the unincorporated areas around Livermore, Pleasanton, or Dublin, please take a minute to register for this workshop at bit.ly/3GKdHgW or scan the QR code.

During the meeting you will learn:

- ▶ What a CCAP and a Safety Element are and why they are important
- ▶ How the County's plans will support your community
- ▶ Why your participation is essential to ensuring the successful implementation of the plan

Audio channels with live interpretation in Spanish and Cantonese will be made available upon request. **If you need interpretation services, please send your request to j.carrig@circlepoint.com or call 510-285-6734 by 5:30 p.m. on Monday, February 13.**
