

# Alameda County & Cities Climate Forum: Lighting the Way

Friday, January 23, 2009 | 8 am - 4 pm | San Leandro Main Library

The scale of the climate change challenge calls on us to work together. At the Forum, we will learn about what cities, the county, the state, and regional leaders are already doing. Building on this, we will develop a coordinated countywide response in key areas.

## Moderator

Susan Muranishi, Alameda County Administrator

8:00

Registration/Networking
